Dear Sir:

No fees, including extension of time fees, are believed necessary for consideration of the present paper.

The present paper is being submitted in response to the Office Action dated December 11, 2006 in the above-identified application.

**Election of Claims** begins on page 2 of this paper.

**Listing of Claims** which begins on page 3 of this paper.

**Remarks** begin on page 6 of this paper.

**I. Election**

Notwithstanding that an action on the merits was previously mailed on August 8, 2006 and that a response to that office action was filed on August 19, 2006 traversing all of the outstanding rejections, the Examiner now requires an election-of-species. As set forth herein, the required election is not proper; however, as a complete reply to a requirement for restriction requires an election, Applicant hereby elects, with traverse, Species II of which claims 13-22 have been identified by the Examiner as reading thereon.
